

NEW PRODUCTS

Video Scope

New *Video-Scope* from Scienscope™ has an LCD display ergonomically located at the operator's line of sight for decreased back and neck strain. Complete turn key package is an ideal solution to an overcrowded work bench.

Video Measurement

Complete video measurement system. XYZ measurements 1 micron encoders for high accuracy measurements.

Digital Camera & Adapter

Scienscope™ is proud to offer the Digital Camera Adapter and Nikon CoolPix digital camera. Digital cameras allow you to capture images at high resolution, 3.34 Mega Pixels using the CoolPix. Digital camera adapter can be used through eyepiece port (23mm or 30mm) and also a C-Mount video port. Adapter fits 28mm, 37mm or 43mm digital cameras. All options are available in one single kit!

Illuminated Magnifier

The Maghl-Light 3000 illuminated magnifier comes in 3/ or 5 diopters with 2 x 13 watt independently controlled fluorescent lights. A 45" arm with internal springs mounted onto a clamp allow you to clamp your magnifier onto most work benches and lock at various positions.

Macro Video Inspection

Video inspection system with a **MAGRO ZOOM** lens for large field of view applications. Standard with a "close-up" lens for higher magnification applications; remove the "close-up" lens and view large samples.

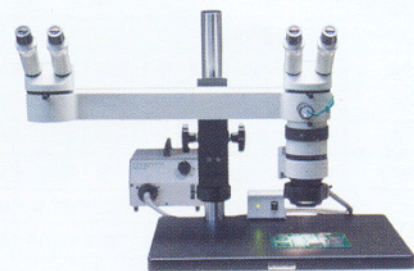

Fixed Stereo Microscope

The NEW FS Series Stereo Microscope is designed for applications where a zoom microscope is not necessary. The FS Series, available in 1x/3x or 2x/4x binoculars and trinocular will fit all the Scienscope™ bases.

Teaching Microscope

Ruggedness combined with precise optical and mechanical construction makes this microscope an ideal solution to a variety of training needs. Built-in illuminated pointer allows instructor to highlight location of interest. 19.5" of distance from instructor's eyepieces to that of the students allows for ample room for both. Magnification of 6x-30x and 5.5" of working distance. Shown with optional fiber optic illuminator (IL-FOI-150) and angular ring light guide FC-A2-36.
